Our staff are dedicated and experienced in delivering diverse design solutions. CA Architects current team comprises experienced architects, architectural graduates, in-house draughtsmen and administration staff as required. Staff are kept up to date with current trends, technology and information through in-house training, external courses and seminars.

Carlo Amerio – Architect FAIA and Director

Carlo is an Architect and Director of CA Architects. Carlo has practiced as an architect since 1984, and established the Cairns based CA Architects in 1993. He has a wide range of experience in many building types and it is his personal commitment to quality design and complete client satisfaction that defines CA Architects. Carlo has a wealth of masterplanning, government and education experience.

Gisela Jung –Architectural Graduate & Urban Planner

Gisela started work with CA Architects in 2003. She has experience in a wide range of projects including master planning, residential and institutional design work at an urban and architectural scale. Gisela is qualified as a Green Star Accredited Professional.

Renee Lee – Architect AIA

Renee is a qualified Architect with 9 years experience and has been working in the Cairns region since 2003. Her experience includes educational, mixed-use institutional buildings, master planning, housing and urban design projects in Malaysia, Singapore, China and Australia.

Stuart Withrington – Architectural Graduate

Stuart joined CA Architects in January 2000. Prior to joining our team Stuart worked at Percy Thomas Partnership in the UK. Currently he is responsible for a variety of design stages including schematic, design development and documentation.

Tony Girbau – Senior Technical Designer

Tony joined CA Architects in July 2008, having spent 2 years with Total Project Group on a major development site in Cairns and 30 years working in a range of practices in Melbourne. Tony has a background in construction and detailing with sound documentation skills.

Carlo heads a confident, committed team with global knowledge and local focus. He will ensure that important milestones in the project are clearly identified, appropriate resources allocated to them and that the quality of service is maintained.
